Jordan Lee

Machine Learning Engineer

Professional Summary

Machine Learning Engineer specializing in building end-to-end ML pipelines, from data preprocessing to model deployment in production.

Skills

- Python, PyTorch, TensorFlow
- Pandas, NumPy, Scikit-learn
- MLOps, Docker, FastAPI
- Experiment tracking, model monitoring

Experience

ML Engineer – HealthAI (2021–Present)
Data Scientist – Insight Analytics (2017–2021)

Education

MSc Artificial Intelligence – University of Amsterdam (2015–2017)
BSc Mathematics – University of Amsterdam (2011–2015)
